FULL STACK DEVELOPER | REACT | ASP.NET CORE | SQL SERVER

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with frontend knowledge of JavaScript and React, and foundational knowledge of C#, ASP.NET Core, and SQL Server. Currently developing full-stack project experience with React, Tailwind CSS, ASP.NET Core Web API, and SQL Server. Familiar with React Hooks, controlled forms, CRUD operations, and API integration using Axios and Fetch. Seeking an entry-level Full Stack Developer role to contribute to web application development and continue building practical skills.

TECHNICAL SKILLS

Frontend: JavaScript, React, HTML, CSS, Tailwind CSS, Bootstrap

Backend: C#, ASP.NET Core, ASP.NET Core Web API

Database: SQL Server, MySQL

Frameworks / Concepts: Entity Framework Core (training/practice), REST API integration, CRUD operations, React Hooks, responsive UI

Tools: Git, GitHub, Postman, Docker, Visual Studio 2026, VS Code

EXPERIENCE & TRAINING

Trainee Engineer — TCIL (DC&CS) | ***March 2026 – Present***

- Work on documentation, reporting, and structured data handling for departmental operations.
- Contribute to a full-stack project using React and Tailwind CSS for the frontend, ASP.NET Core Web API for backend services, and SQL Server for data storage.

Full-Stack Development Training — Under Certified Trainer Sandeep Karan | ***February 2026 – Present***

- Practise full-stack web development using ASP.NET Core, Entity Framework Core, SQL Server, and React.
- Explore foundational Generative AI concepts and their potential integration with ASP.NET Core applications.

Internship — Internshala | ***January 2024 – March 2024***

- Completed internship training in HTML, CSS, Bootstrap, JavaScript, React, and MySQL.

PROJECTS

Full-Stack Application / Proof of Concept | ***React, Tailwind CSS, ASP.NET Core Web API, SQL Server***

- Working on a full-stack project that combines a React and Tailwind CSS frontend with ASP.NET Core Web API and SQL Server.
- The original resume mentions deployment on Railway; retain the existing project deployment and repository links when sharing the resume.

React CRUD Proof of Concept | ***React, JavaScript, Axios, Fetch API***

- Implemented controlled forms and CRUD operations in a React proof of concept.
- Used useState and useEffect hooks, useNavigate for navigation, and an organized project folder structure.

Personal Portfolio Website | ***HTML, CSS, JavaScript***

- Designed and developed a responsive portfolio website with About, Projects, Skills, and Contact sections.
- The original resume states that the site is hosted on GitHub Pages.

Other Projects | ***Weather API, Calculator, Notes Web App***

- Built or worked on these practice projects during college; add specific features only where they accurately reflect your work.

EDUCATION

B.Tech in Computer Science & Engineering — Indus Institute of Technology and Management, Kanpur | 2021–2025 | CGPA: 7.4/10

SOFT SKILLS

Problem-solving, teamwork, adaptability
